DRIVEN CAPITAL AMENDS NON-FLOW-THROUGH FINANCING AND CANCELS FLOW-THROUGH FINANCING

December 9, 2011 – Driven Capital Corp. (TSXV: DVV) (“Driven” or the “Company”) writes to report on the status of its previously announced, non-brokered private placements (please refer to the Company’s news release dated November 14, 2011).

In light of current market conditions, the Board of Directors has elected to amend the terms of the Company’s private placement of Units. Pursuant to the amendments, the offering will now consist of the sale of up to 9,000,000 “Units” of the Company at a price of \$0.10 per Unit, for gross proceeds of up to \$900,000. Each Unit shall consist of one common share in the Company, and one non-transferable share purchase warrant of the Company (a “Warrant”) exercisable for a period of 24 months from the closing date. Each Warrant shall be exercisable into one common share of the Company at an exercise price of \$0.15 per share in the first year and \$0.20 per share in the second year.

Driven intends to use the net proceeds of the private placement to conduct exploration on the Company’s projects and for general working capital purposes. Finder’s fees may be payable in connection with the offering as permitted under the policies of the TSX Venture Exchange (the “Exchange”). The offering is planned to close on or before Friday December 23, 2011 and is subject to receipt of applicable regulatory approvals. The securities issued by Driven in connection with the offering will be subject to a four-month hold period as prescribed by the Exchange and applicable securities laws.

Also in light of current market conditions, the Board of Directors has elected to cancel the Company’s offering of Flow-Through Units.

Driven is a publicly traded exploration company focused on the discovery of high-value precious metals deposits in North America. Please visit our web site at www.DrivenCapital.ca for more information.
